In re: Barnes et al v Felix et al
District Court No. 4:18-CV-00725
Circuit Court No. 22-20519

Dear Nathan Ochsner

As your Court is aware at the ruling in the aboveaid case the totality of circumstance is the new time frame and not the final two seconds before Felix murdered my son. I am law se and that is for a reason that I deem to bring new discoveries. The case manager of this case needs to be aware that I am incarcerated and need to be notified in the future correspondence accordingly. I am seeking trial and ask this court to assist me with a Master to assist me and to strike my previous Pre Trial Motion from the record. This is my notice of being ready for a trial date.

Sincerely,

Respectfully Submitted
